

## Nominations Committee Report

SRCC's ad hoc nominations committee was formed in March 2025. Our task was to seek qualified candidates for office, confirming their willingness to serve, and then report its findings and recommendations to the EC and to the general membership. We are happy to report that most current EC members are willing to continue in their positions. However, if anyone wishes to be considered for any position, he/she is urged to contact any member of the nominations committee: Ruth Casarez, Anita Tschurr, Robin Sanders, Sarah Campbell, Gayle Goff, and Mary Friedman. Nominations will also be accepted from the floor during the April meeting. At the present time, the committee submits the following slate of nominees:
